In the front area there is a double size double bed, a hob and an electric. Please note the top spanner is not included. The caravan has a great motor mover which has power and battery. You can turn on your remote control and direct your caravan where you want it to go (very handy for when parking in the area). The size of the caravan is 3.9m x 2.4m. The caravan has a great motor mover which is fitted all the way through the caravan which gets the heat all through the van. The motor movers cost £1,000 so it's a great extra to have fitted with the caravan. The motor movers are great for when you are going to a site with no power or a site with a small power supply. The caravan also has hot/cold water. Can simply heat water by gas or electric by using the inside switches. You have blowd
