We move household and office furniture and any other items from one location to another. We're physically fit, work in a strong small team and enjoy working out and about. We are good timekeepers, honest and reliable, and have a responsible attitude to other people's possessions. We've previous experience of delivery driving, warehouse work, customer service, office and I.T. Our team would check with the customer which items are to be moved, if necessary taking apart larger items of furniture for packing and removal, possibly removing doors, doorframes or windows to get large or awkward pieces of furniture out of the building. Loading items into the vehicle and securing them safely. Driving to the new location, unloading the items and placing them where the customer wants them. We normally work between 8am to 10pm, 37 and 60 hours a week, including weekends. Apart from local moves, we are able to travel around the UK.
