ER6-N 2008 in metallic blue. I have owned this bike since April 2013 when I bought it after passing my full bike licence. The bike has a 33bhp restrictor kit fitted which is easily removed, certificate included with this. The bike has been garage stored since I bought it so it is in a very clean condition. The bike has been used as a fair weather commuter and occasionally at weekends. The bike has been well serviced and maintained. It has been my pride and joy for the time I have owned it. Extras:

The bike has a small HTC exhaust fitted to it which is a lot lighter than the original, it also makes it sound a little louder, a tail tidy, rear carbon fibre hugger, gel seat, heated handgrips and colour coded belly.
