Leather interior with 4 seats, electric windows and CD player. Nice car and driveable, only faults I know since owning are small oil leak that's common with these Allure models, brakes a little spongy and two tyres could do with changing. I bought it for my nephew, but he needs a smaller car for cheaper insurance as he's only learning to drive at the moment. I am the registered owner and have the manual and V5 document for the car. Great condition for.
