## Black round bistro bar table for kitchen with 2 co-ordinating bar stools (100 GBP)

East of England, Cambridgeshire Location https://www.freeadsz.co.uk/x-328605-z

Black round bistro table with 2 co-ordinating shiny bar stools (the stools were from Dunelm). The table has a chrome base and the bar stools are adjustable gas lift with chrome bases. The table looks in the photo like it has got a dent in it, but this is the way it is made. Height of table approx. 33 inches and 23 inches across, and the stools are currently 36 inches high to the top of the chair back, but are adjustable. The table has some minor surface scratches on it, and the bar stools have only been used once - still have the tags on.
