90,000 miles diesel 1686 engine size 2009 registered I bought the van last August, to use for business work and for some home improvements. Have no need for Van now as I am using my car again and all work has been finished.

Bought as a Cat C and have been really impressed insurance was no different to quotes I had on other vans, and I couldn't tell where the damage has been repaired. Since purchasing it, it has had two new tyres. Great to drive and pulls like a train.

Please only contact if truly interested, as first to see will take.
