If you suffer sleep disorders, physical and/or emotional health problems, or other imbalances, there are likely geopathic radiations under your bed, energy stagnations caused by objects, or other negative impact that can influence your life. Combining the art of Chinese geomancy (Feng Shui), with my knowledge, sensitivity and intuition, I will help you organize your space and balance life energies in your home so they flow gently and consistently. I will find the root cause of your problems and identify positive influences that will improve the quality of your life. Please visit www.londonfengshui.net for more information.;
