Selling my peugeot 206 as it didn't pass mot this February. Have no money at the moment to fix it. You can fix it and drive as engine is perfectly fine or just take it for parts. There is a picture from mot so you know what needs to be done. I have a logbook, front electric window, radio, CD with mp3 format , aux, 17' wheels, half of tank diesel. Red coloured peugeot 206 3 door hatchback with 2.0 motor, diesel, 2003 with 115426 on the clock, cheap to run, tax £130 a year. Has scratches on bodywork and no central locking. All I want is £200. But that subframe part is quite expensive around £200 on
