13.2 HH pony , has passport and micro-chipped , 6 years old , requires experienced rider , not suitable for child or novice, pony has been ridden by small adult, could suit an experienced teenager , lives out 24-7 but is equally happy to be stabled , practically lives on fresh air , he is a good doer, not spooked by farm machinery - tractors etc, loads and travels well, easy to catch and groom. No health issues. Wonderful little pony full of character, however, requires further educating. Hacks out alone or in company , my mother purchased this pony for herself but he has far more potential than just hack. More photos available on request.;
