Very pretty fluted lamp shade in opaque white with a deep frilly flounce around the bottom. In very good used condition with no chips cracks or damage. Ideal to replace a missing shade on your light fitting(they are designed to be used with a spring clip) I have two of these available,they measure 12 cms high 17 cms across the frill at the widest point and the inside measurement of the hole at the top is just under 4.5.
