

Hyundai HYM 51 SPE electric start self propelled 20quot rotary lawnmower (325 GBP)

Location **North, Cheshire**
<https://www.freeadsz.co.uk/x-329832-z>

I bought this lawnmower on 28th May 2015 to replace my recoil start mower, as I suffer with arthritis in my right hand and pulling the cable start on the old mower was very painful. When it arrived, I was amazed at how big it was and as I only have small lawns, it is really not suitable for my garden. Essentially it is for large gardens or professional use. I used it from June to November last year but find it awkward on small lawns and intend to replace it with an electric mower. It has had its 5 hour oil change as specified by the manufacturer and is in immaculate condition, still under a 2 year manufacturer's warranty until May 2017. The asking price represents a 25% discount on the new price. The original invoice comes with the mower. The following are the major features of the mower: Electric start: Provides stress free starting. 20" wide cut Self-propelled: Fitted with a 3-speed gearbox, 6hp 4 stroke engine. Self recharging battery as you mow. Four cutting methods: cut and collect, cut and drop, cut and mulch & cut and side-discharge. Seven-stage centralised cutting height adjuster: no need to adjust each wheel individually. 70L polyester grass catcher w/ hard lid: For convenient collection and disposal of your cuttings. Soft grip handle: Providing a comfortable cutting.
