Unfortunately, I'm looking to re-home my kitten as I can no longer keep/look after him. His name is Arlo. He's a 5 month old, tortoise shell coloured kitten. He's all up to date with vaccinations, worming treatment etc and is also micro chipped. I can provide a record of treatment from the vets plus the micro chip information. To make his move more comfortable for both him and the owner, I have a few additional extras I've bought over time that you can have. There's: A red/black zip up carry case

A scratching/climbing frame/post

A single scratching post separate

A cat play tunnel

A hooded, large litter tray

A radiator bed

3 food/water bowl. Ones a double

A large bag of dry cat food

Another single scratching toy

Numerous small cat toys Most of the above are pictured. I've spend approx £400 in total in vets fees, toys food etc so I would to get some of that back if possible, approximately £75 Ono. Please feel free to email me on click to
