Lovely old mincer thought to date from the 60's 70's(or even possibly 50's) which comes in its lovely retro original box It is in good condition for its age and has two different size attachments for coarse or fine mincing. Can still be used for its original purpose,perfect for using up leftover roast meat to make shepherds pie for example or great too for making marmalade. Also makes a great display piece of Kitchenalia,try clamping on to an old vintage dresser or shelf for a nostalgic.
