WASHING MACHINES

Hoover An ingenious blend of sleek styling and smart technology, the Hoover Dynamic Next Classic DXC C69IB3 Freestanding Washing Machine will improve your washing results and look good doing it. Designed to include the latest in laundry development, this machine has a vast range of programmes and features ensuring you can tailor each wash cycle to match your needs. Energy efficient Awarded an A+++ energy efficiency rating, the highest possible rating achievable, the DXC C69IB3 will not only help the environment, it will also help you save money on your next power bill. Smart features This machine has an innovative ?Intelligent Wash System? that uses highly advanced electronic controls to constantly monitor and adjust the wash process, resulting in optimum performance throughout the cycle. Hoover has also redesigned the drum of its latest washing machines ensuring your laundry moves in a 3-dimensional way, guaranteeing your clothes are washed better than ever before. Sensors within the machine also weigh the load during the first 4 minutes of the cycle, adjusting the cycle time, water and electricity consumption to suit the size of the load. Time saver The DXC C69IB3 has a mega 9kg load capacity, enabling you to do more washing in fewer loads, freeing up your valuable family time. At 1600rpm, this machine has a super fast spin speed, meaning more water will be extracted from your clothes when you take them out of the washing machine, cutting down on drying time. You can also easily alter the spin and temperature on this model to suit your specific washing needs. A handy delay function allows you to choose the start time of your wash up to 24 hours into the future. This enables you to arrive home just in
