Volvo S40 2.0D R Design This car is in great condition, I'm very reluctantly selling this as I have a works van and the car is just sat all week Has all the Volvo book packs, Full service history and 2 genuine keys Belts where done at 98.000 miles how ever I have no documentation to prove this. This is the R Design model which comes with the following; 17 inch alloy wheels, climate control, Air Con, All 4 electric Windows, Electric and heated mirrors, Tinted windows, Cruise control, Premium Stereo package, Leather interior traction control, 6 speed gear box and the list goes on. Has the 2.0D Engine, Was registered in December 2007 / 57 Plate Mot is till January 2017 116,000 miles Obviously a car this age does have the odd little mark here and there but by far there is nothing major, This really is a great looking car Recently had new discs and pads all round, Only needed indicator bulbs for the last MOT Very reliable car, Drives really nice and very presentable on the road, Feel free to ask me any
