Advantages of a Conservatory Increased space Extremely versatile in its usage Likely to add additional value to the property Increased light and warmth from the garden Huge variety of styles Adding a conservatory to your home gives additional space and with an attractive design and style, long lasting and durable conservatories allow the opportunity to enjoy your garden all year around. Not only will a new conservatory increase the space available it will also increase the overall value of your property. A conservatory is often the first option many people consider when extending their home, and allows the preservation of the other features of the home, unlike a garage conversion or loft conversion, which inevitably mean the loss of the garage or the loft for use. Conservatories are a delight in the summer, extending the home and bringing the sunshine inside. And they are not as new as you may think! Conservatory Types EDWARDIAN CONSERVATORIES are inspired by home style and architecture of the Edwardian times, and have been in fashion as a conservatory style since then, thanks to a range of updated takes on the Edwardian design. Typically Edwardian conservatories have high sloping ceilings and make the conservatory area larger overall as a result. If you are interested in getting an EDWARDIAN CONSERVATORY, click here for free quotations. As an alternative, consider an Elizabethan conservatory; a style of conservatory as old as Elizabethan times, that features clean,

elegant and simple lines that make the conservatory part of the home, more than a feature of the home. It is a simple and free online Edwardian conservatory comparison form.
