Brunswick Soprano Ukulele
 Natural

BU1S Each instrument has a satin finish top, back and sides, Aquila Nylgut strings and fully geared machineheads which offer much greater tuning stability when compared to many rival products. BU1 Brunswick Soprano Ukuleles are designed and manufactured to the highest standards, with musical integrity and reliability at the fore. Therefore they are equally suitable for entry level players and more experienced musicians.

Each instrument is made from high quality materials, including a mahogany top, back and sides with a satin stained, red finish. The fingerboard is made from quality rosewood - which feels great to the touch. The BU1S is fitted with fully geared machineheads which offer much greater tuning stability and reliability when compared to many other entry level ukuleles.

On top of that, the Brunswick BU1S ukulele is fitted with premium-brand and professional quality Aquila Nylgut strings which will not only produce a superior tone, but will also settle into tune much more quickly and remain more stable for longer. This is as new, only 6 weeks old. Comes with Gigbag. Reason for selling is that I have received another one as a birthday.
