I have for sale an Electric Aga Rayburn, . it's in great condition, not too old, because its electric there's no need for a flue and its run by 2 3 pin plugs so no need for expensive works to be carried out before it can be used It's extremely heavy so you'll need a team of strong men to move it. I'm only selling due to the housing association's ruling. It cost me almost £2000 but due to needing it removed asap. feel free to get in touch for more information or to
