I am proud to announce that I have been accepted as an approved speaker for the Women's Institute. Having previous knowledge of doing talks for the W.I. , you can be sure of an entertaining evening, and it's different. My talk is titled: Belly Dance: Styles and Costuming. During the talk, we will embark on a journey of Egypt, exploring the many varied styles of dance and music that can be found there. Not only will you hear the music and see the dance, but I also bring along a selection of different costumes for you view. Ideal for anyone interested in music, dance, culture, costumes or beadwork. My talk lasts for an hour, although I can shorten or lengthen as required. Cost : £50 per hour. Travel costs are extra, but I am.
