

Microsoft Project 2003 Std Users Guide and Handbook (25 GBP)

Location **East of England, Bedfordshire**

This includes a CD, a substantial User's Guide (for Project 2000), and a slim "start here" handbook. I no longer use the software. It is legitimate software – the CD case includes the Product Key. It installs, launches, and activates on Windows 7. Price includes delivery in the UK by first class.
