

5FT King Size Pocket Sprung Memory Foam Mattress RRP 1199 End of Line Stock O

Location **London, London**
<https://www.freeadsz.co.uk/x-332091-z>

For sale a BRAND NEW in original packaging 1000 Pocket Sprung Memory Foam Mattress. This is a 5FT King Size mattress with luxurious fillings that previously sold for up to £1199. No offers as priced to sell at just £255 + delivery (see below) The mattress is very unique in its construction and this is what makes it the most comfortable and superior mattress in my opinion. The pocket springs are encapsulated in foam giving far more support. Normal pocket sprung memory foam mattresses are manufactured with cost savings in mind so basically have a layer of memory foam over the whole set of springs. Similar mattress would cost at least £800 + in current sales! Don't be fooled into false economy by so many of the cheaper options on the internet! Delivery nationwide £45. Some areas incur a surcharge like Scotland, Wales etc. Contact me for further information. Collection is possible by appointment from Stanford Le Hope, Essex. As item is brand new in packaging a stock image has been used for illustration purposes.
