

# Kawasaki ZX 2013 (8,495 GBP)

Location **East of England, Bedfordshire**  
<https://www.freeadsz.co.uk/x-332122-z>

Sub 200kgs and 197.3 bhp, there's not a lot more to say really. Kawasaki are really on fire at the moment and this ZX10 is a perfect example of what they can do, the ZX10 has always been a bit of an animal and this bike certainly has the potential to continue with that theme, though it is surprisingly manageable if that's what you want. The power delivery is very tractable from low down in the rev range and pulls hard to the red line. The Showa upside down big piston forks provide excellent feedback, allowing you to push the front end hard. This particular bike looks stunning in black and is in excellent condition with no damage. It comes complete with all the standard books and service history. As with all our bikes it is of course HPI clear and will be fully prepared by our workshop prior to collection. Part exchanges are very welcome as we are always looking for used bikes, we are also happy to settle or arrange finance and trade up or down. £8495
