We are extremely pleased to offer for sale this lovely GSXR1000L0. We pre-registered the bike in 2011 and have sold it since to both it's private owners. It has only covered 5349 miles from new and has a full service history. It is fitted with a truly beautiful 4 into 1 Yoshimura Tri-oval exhausts which sounds as cool as it looks. It is road legal when the supplied baffle is fitted. The bike is currently fitted with the pillion seat cowl, but comes with the pillion seat as well. The original number plate holder has been replaced with a much tidier R & G tail tidy, in addition to this a genuine Suzuki GSXR tank pad has been fitted to protect the tank. A quickshifter has been fitted which really adds to the race feel of the already great GSXR1000. The big piston forks increase front end feel massively over the earlier models forks, so you can really push the front end hard with confidence. More pictures to follow once the bike has been valeted. As with all our bikes it is of course HPI clear and will be fully prepared by our workshop prior to collection. Part exchanges are very welcome as we are always looking for used bikes, we are also happy to settle or arrange finance and trade up or down. £7195
