

Suzuki SV 2003 (2,995 GBP)

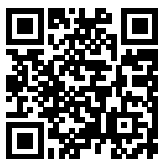

Location

East of England, Bedfordshire

<https://www.freeadsz.co.uk/x-332130-z>

This beautiful SV has had an amazing conversion carried out, consisting of a beautifully crafted billet top yoke and bar clamp allowing the flat bars to be fitted, transforming the riding position to a more upright bike, without compromising the stunning looks of the SV1000S. Braided hoses have been fitted to aid braking efficiency. A chrome radiator guard has been fitted to protect the radiator as well as adding an extra slice of shiny. Included with the bike are the early mot's from 2006 until 2012 and the current mot. It has been owned by the previous owner since 2011. He spent a long time hunting to find a bike this clean. It has been clearly loved during his ownership. We are a Suzuki dealer with many years experience. As such we know what to look for when we take bikes in px. The SV can suffer wear to the clutch basket over time. We identified this as an issue and naturally order a new basket in and fitted it, so this bike comes to you in tip top condition. There are 5 service stamps in the book as well as 3 further hand written entries. We will service the bike before sale too. As with all our bikes it is of course HPI clear and will be fully prepared by our workshop prior to collection. Part exchanges are very welcome as we are always looking for used bikes, we are also happy to settle or arrange finance and trade up or down. £2995
