The VFR800 A-9 is arguably the best all-rounder any manufacturer has ever produced. Whether crossing continents, commuting or just enjoying the pleasures of biking the VFR does what you ask of it and more, with ease. This example has had an easy life, only covering 12154 miles since new and has a full Honda service history with stamps at 615, 4746, 8209 and 10856 in addition to this we will be providing a service for the new owner before delivery. The bike is in excellent condition, complete with full Honda Luggage including the genuine top box. The panniers use the main key and the top box has its own key; we have 2 of each. The tyres have plenty of life and the mot runs until August 2016. As you can see from the pictures we have the pillion cover which really adds to the look. This is an ABS bike, utilising the well tested Honda CBS braking system. It is fitted with a Pyramid hugger and a 12v socket on the top yoke as well as a genuine Honda tank pad and fuel cap protector, protecting the tank from little mis-haps. Part exchanges are very welcome as we are always looking for used bikes, we are also happy to settle or arrange finance and trade up or down. £6695
