This is a great quality used V-Strom, its a 1 owner bike supplied new by a UK dealer. The previous owner fitted some really useful extras including a Suzuki top box and Bag Connection frame mounted soft panniers. These panniers are exceptionally versatile as the offer soft bag flexibility with hard luggage mounting security and safety. They're also very easy to remove once at your destination. This bike really is set to take on the open road with effortless riding comfort for either a quick morning blast or a weekend away. The 650 V-Strom is easily capable of delivering 200 + miles per tank of fuel and is equally on home on long open roads as well as tight mountain roads. The limits of the bike are set by the rider alone. As with all our bikes it is of course HPI clear and will be fully prepared by our workshop prior to collection. Part exchanges are very welcome as we are always looking for used bikes, we are also happy to settle or arrange finance and trade up or down. £4195
