

Fluval u4 underwater filter (36 GBP)

Location

South East, East Sussex

<https://www.freeadsz.co.uk/x-332299-z>

Provides efficient 3-stage filtration for tanks of 240l, including BioMax biological filtering, to create superior aquarium water quality. A flip top lid easily accesses the filters to make them easy to remove and clean. This filter is brand new and was supplied as a package with my new tank setup. I chose to use an external filter so it was not.
