Morning, in this announcement I am offering you a fully removable camping set for vans. This is a fully removable camping set for all the vans (it takes 2-3 man to load or unload it, loading proces lasts about 15 min). Whole set is composed of 3 pieces: kitchen, sleep (dining) and baggage. Kitchen set can be used separately, is usually located in front of the car. There you can find a small sink with a pump and 2 tanks for clean and dirty water. There is also a little stove hidden under the worktop. Sleep piece includes two long and very comfortable sits with solid table between them. Cushions from the sits can be used to create a bed (you just take the boards from back of the car, put them on table and then make a lid of cushions from under). Bed can easily manage 3 adults (queen size bed). In the back of the car you get very spacious 4 compartments and 3 boxes with lids for all the stuff you need while travelling with your family or friends. Whole set is made of durable 15mm plywoods and protected with best available varnish. There is a 1 year guarantee included. This camping set is located in Poland, but it is possible to deliver to UK. Delivery cost not included in price. If you have any farther questions feel free to contact.
