Just returned from 4 months of travelling. The backpack has been used but there is no damage, rips or tears to the bag. Some slight staining in the day bag is the only sign of this item being used. Farpoint 70 description below: The Farpoint 70 is a large, 70 Litre capacity sack designed for exploration and backpackers. Made with streamlined, contemporary features and a light weight fit, the Farpoint 70 is an excellent choice for long days on foot- this one of our best backpacks for gap year travellers. The thick and tough 210 x 330D Nylon Shadow Box and 420D Nylon Pack Cloth keep the Farpoint resistant to excess abrasion and damage whilst the large compartments give the space you need. For comfort as well as strength, the Farpoint 70 benefits from a 'Farpoint Suspension' system with a LightWire™ Frame covered with spacer mesh that keeps the pack close to the body to prevent excess movement, but also absorbs away moisture.

For a closer fit and torsional stability, the Farpoint 70 has a 3/4 Length Fixed Hipbelt with an ErgoPull™ hipbelt closure. You can even spin the pack and wear it safely on your front in countries when you are concerned about theft and personal safety.

Dimensions: 25" x 14" x 13" (64cm x 36cm x 32cm) not including daysack RRP New: &#pound
