Hi My name is Misia. I'm 22. I come from Poland and I'm a student. I search the part-time job in a period of vacation (June- July 2016). In Poland I have worked as a volunteer in animal shelter from several years and I have big experience and good references. So if you need somebody to take care of your dogs or cats, when you'll leave on your holiday, I'm a right person:) I'm very patient and quiet, very calm person and I know customs cats and dogs very well. As a volunteer I have many diuties in our shelter: I have to feed ill homeless animals, clear the cages, take care of them and acustom with people . I have four cats and one dog in my home. I could take care of your animals during your leaving on holiday. I will arived to London at the begining of June. I can leave with my aunt, but I can leave in your house/flat as well. Unfortunelly my English isn't very good, but I learnt this language in Secondary school. So I hope thats enough. If you are interested in my offer – please give me your answer and conditions. I could send you photos of my animals and to tell you about my work in animals shelter little bit more- if you wish. ;
