It is fair to say that the YZF-R125 is by a country mile the best sports 125 in production, with its sharp looks and big bike handling it really is the bike to be seen on. As well as looking sensational it really allows you to develop as a rider before moving on to larger and faster bikes. This particular machine is a real gem with only 1554 miles from new. It has had a very easy life, and been well cared for unlike many of these bikes that suffer at the hands of an enthusiastic younger owner. As with all our bikes it is of course HPI clear and will be fully prepared by our workshop prior to collection. Part exchanges are very welcome as we are always looking for used bikes, we are also happy to settle or arrange finance and trade up or down. £3495
