Toursanak is an adventure travel experience with operations based in Phnom Penh, Cambodia and expanding outward. Programs are designed to encourage youth and adults to step out of their comfort zones, self-exploration, self-determination, self-development, while fostering team spirit and a collaborative mindset. We organize and customize trips for educational institutions and adventure lovers who want to explore hidden places and to learn about Cambodian culture. Day trips include visits to villages and communities off the beaten path. We provide new and interesting ways to experience the authentic Cambodia that few other tourists have the opportunity to see. We offer leadership programs and team building, family trips, camping and cycling adventures, in a mutually supportive setting where learning and discovery is an exchange between visitors and hosts. www.toursanak.com / +855 70 45 32 36/ click to contact ;
