FREE delivery to mainland England & Wales included.

A table is as beautiful as it is useful. Standing at over 5ft as standard, but when extended out it scales up to over 8ft long!

This table design is made from new tropical fruitwood, selected for it's rustic and hard-wearing properties. The wood shares many characteristics with oak, including the fine grain and heavy weight. It's a wood which during the 18th and 19th centuries was widely used for the construction of fine country furniture in England, thanks to it's interesting grain and wearing capabilities.

At 255cm long extended - over 8ft - this size is traditionally a benchmark for an twelve-seater table. So this can turn from a six-seater to an twelve-seater in a matter of seconds with a couple of easily added extensions.

Dimensions:

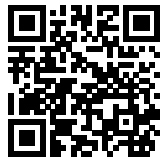

Height: 78cm
 Width: 90cm
 Length: 255cm
 Depth: 90cm

Your table can be finished in any shade of Farrow & Ball Estate Eggshell paint of your choice. The standard colour is Matchstick (as pictured), which is a soft cream off-white shade which complements
