Piaggio Vespa S 125, Engine: 124cc, Year/Reg: 2008/WA08, Mileage: 9329, If an old-school Vespa is your game, but you'd rather not suffer occasional vintage scooter pain, the Vespa ?S? 125 is calling your name! 1970s-styled square headlight makes the Vespa S stand apart from its siblings, the LX and VX quite distinctively. The same theme has been carried forward to the square mirrors, which have been finished in chrome. Another major change on the Vespa S is the retro-styled analogue instrument cluster, which is finished in piano black and is easy to read. It sports an analogue speedometer, digital clock, fuel gauge, and different tell-tale lights. Switch gear on the Vespa S is similar to its siblings and offer decent quality, while the palm grips are easy to hold. To make the Vespa S more useful in carrying knick-knacks, two slots have been provided on the body alongwith a separate hook to hang bags. Under-seat storage is decent, with enough space to fit a half-face helmet. The three-spoke wheels have been coated in a shade of glossy black whereas the front suspension spring has been finished in red. Only 2 from new. comes with New.
