

Dementia Respite Hub

Volunteers needed for research into midlife risk of dementia

If you are between 40-70 years, a native English speaker and in good health (no history of psychiatric, neurological, chronic immune system conditions; head injury, alcohol or drug abuse; metal in your body; have normal or corrected-to-normal vision), then we would like to invite you to 2 inter-related studies investigating factors that affect brain health and cognition.

What do WE ask?

MRI Brain scan (1.5 hour)
2 Mental function testing sessions (2 hours each)
Questionnaires (completed at home)

Saliva & blood samples (DNA & biomarkers)
Health measures (weight, blood pressure)

Please contact: healthyageing@cardiff.ac.uk

What do YOU get? Up to £60!

Where?

Cardiff University Brain Research Imaging Centre (CUBRIC),
Cardiff, CF10 3AT

Location

South East, West Sussex
