

Corsair Gaming Build (650 GBP)

Location **London, London**
<https://www.freeadsz.co.uk/x-346658-z>

PAYPAL ONLY FOR PROTECTION OF ME AND THE BUYER. If you wish to see better quality pictures please ask. Also feel free to ask questions. I'm willing to show more pics and also willing to show performance via videos and pictures. Just Ask. System Specs: Case: Corsair 760T White Edition (Modded front top abit as it had slight damage but please see pictures to see) 2 White Led Lights In Case. Motherboard: Sabertooth 990x R2.0 CPU: AMD FX 9590 (4.7Ghz / 5.00Ghz Turbo) CPU Cooler: Corsair H110i gtx with Corsair Link RAM: 16GB Corsair Vengeance Pro Gold Edition Graphics: Gigabyte Windforce R9 290x OC Edition PSU: Corsair RM850x SSD: 256GB Harddrives: I have 3 1TB harddrives setup in a Raid 0 configuration to match speeds of SSD. This performs as quick as the SSD. I also have a 500gb harddrive which was used for storage. I'm willing to negotiate the mouse and keyboard as I would prefer to keep along with my steam account which has a load of decent new games on. Feel free to ask though. Same goes with my xbox one controller that comes with a wireless dongle. I will only accept paypal due to protection of us both and I will make sure its cleaned, wrapped up well and comes in original corsair case.
