Since it's beginning in 2011, SGDA has grown enormously in student numbers and by reputation. The academy prides itself on the welcoming warm, caring family atmosphere which no doubts brings out the best in the students. SGDA provides excellent training in ballet, tap, jazz, modern and contemporary dance; classes which are all taught by Miss Gallie. Ballet provides a strong foundation for other dance techniques so emphasis is placed on the importance of ballet, students are encouraged to take part in a ballet class where possible, alongside another dance technique.
