Skip Hire Services provide professional and affordable skips throughout the UK. We have the largest range of skips in the UK, ensuring we can provide the perfect skip for any job, big or small. Skips are one of the leading waste removal solutions in the UK, and there is good reason for their popularity. They are a convenient solution, allowing for onsite waste disposal as the rubbish is created. Skips are also available in a wide range of sizes, making them perfect for almost any job. Skips can be used for most types of waste, including organic waste, wood, rubble, furniture, metal, plastic, soil, domestic waste and much more. We regularly work with both commercial and domestic clients, and always strive to deliver an exceptional service. Our site is full of useful guides and advice to help everyone from DIY enthusiasts to full time builders. Our skip sizes range from small 2-yard mini skips right through to large 40-yard roll-on roll-off skips. Whatever your waste needs, we can ensure you receive the right skip, from a domestic garden clearance to an industrial construction site. Our skips are perfect for most types of waste. Items that are prohibited include hazardous waste, asbestos, paint, chemicals, solvents, tyres, gas cylinders, electrical items and fluorescent bulbs. Before hiring a skip, it is important to remember that not all types of waste can be thrown into a skip. Items that cannot be thrown into a skip include asbestos, hazardous waste, fluorescent bulbs, tyres, solvents, chemicals, electrical items and paint. Fortunately, there are many alternative options for disposing of these waste items. We can provide skips throughout all of the UK, so for the best skip deals, request a quote today.
