Audi A4 1.8t for sale. Selling due to needing a larger car or van. I have been driving it to work everyday and always been reliable. Recent work done is brand new turbo, new anti roll bar links and oil level sensor, possibly more, I have receipts to prove. Cam belt and water pump was done last June and not covered many miles at all, MOT until March 17. I have fitted a stainless steel exhaust system which does sound nice but not too loud. Interior is black leather heated seats and Bose sound system. It's not immaculate as is a 13 year old car so not perfect. There is a rip in drivers seat but not major. Brilliant quattro system and this is the 190 bhp spec so does go quite well. Viewing welcome, any questions just ask;
