Seat are rapidly becoming one of the main players when it comes to hatchback and this Ibiza is no exception. Thanks to the help from their big brother Volkswagen the Ibiza comes with the much sought after German engineering and build quality that Volkswagen is renowned for and what everybody wants. Under the bonnet this is exactly the same as the Volkswagen Polo, a wolf in sheeps clothing, but what is beneficial to you is that although it is nearly the same car you don't have to pay the premium you would if you were buying a VW Polo of the same age. The main things people often like to tick off on their check list when buying themselves a new car is 1) Reliability 2) Practicality and 3) Value for money, this most definitely meets all three of those and what's more is that this stunner comes with a Full 5 Stamp Service History and Full acar2go multi point check. This Ibiza really is a no brainer, so be quick, pick up the phone and book an appointment because this car won't be here for long. Remember acar2go Aston Clinton where you Pay Less and Get More! Finance is available subject to status, Please call for a no obligation quote.
