

Pain Free Laser Hair Removal 50 Off, From 20 Multi-award winning Soprano Ice

Location

South East, West Sussex

<https://www.freeadsz.co.uk/x-347755-z>

The Soprano Ice Laser Hair Removal is the most advanced and effective hair removal treatments on the market today. Unlike IPL (Intense Pulsed Light) and less advanced laser hair removal systems, it's cutting-edge laser technology provides superior, quick, pain free and longer lasting results for all skin types including sensitive, tanned and fake tanned skin.

HAIR FREE SUMMER BODIES START NOW 50% OFF LASER HAIR TREATMENTS - FROM £20
FROM THE ALLISON JEFFERY SKIN HEALTH & LASER CLINIC Winner of the 2012, 2013 and 2015
Aesthetics Award for Best Laser System For Hair Removal Soprano Ice is:

Pain Free

The Soprano Ice utilises the only clinically proven method of laser hair removal that causes no pain. The superior cooling head means you only experience a warming sensation as opposed to the pain and discomfort associated with IPL and other laser hair removal systems. Quicker, More Effective Treatment
Soprano Ice uses gold-standard diodes which means it removes more hair, more quickly, it delivers the most effective and fastest treatment times in the world. Longer Term Results

In clinical studies the Soprano Ice was found to be considerably more effective in removing more hair for longer and it also treats the developing hairs you cannot see thus reducing further growth. Precise
More powerful and precise compared to IPL and other laser hair removal systems, the Soprano Ice can be used to treat smaller and difficult to target areas like the eyebrows, nose and ears as well as ingrown hairs. Safe

Unlike IPL and other less advanced laser removal systems the Soprano Ice has been designed to gradually heat the skin so there is no trauma or side effects caused to skin such as burns and blisters.

Call us today to book 50% off Laser Hair!
