Location **South East, West Sussex**

New belts (cost 12 pounds) just fitted, heads demagnetised and cleaned, capstan motor and flywheel relubricated. The deck is in good working order and cosmetic condition. See photo of the review in the October 1991 issue of Hi-Fi Choice where it won a Recommended Award. Dolby B/C, HX Pro, 3 motors, 3 heads (for off-tape monitoring) and manual bias adjustment are just a few of the features. Happy to.
