I am selling my no longer needed 2TB Seagate hard drive. I have bigger drive now and cloud storage. The case is a bit scratched but it works perfectly fine I never had it permanently attached to PC just used for storing film and music files. It is 3.5" HD mains powered. Can be seen working. Comes with power & usb leads. I have left 25 great films on (from The conjuring, Poltergeist(new&old versions), Guardians of Galaxy to 1932 classic Freaks etc). See pics for list. Can put Prince & Bowies greatest hits on too if requested. Obviously you can delete what you dont.
