Suzuki Jimny Mode in Cats eye blue over Silver. Exterior body excellent and has the Suzuki "Soft" Bull bar fitted along with rear door top spoiler. All tyres great tread and all matching premium brand. One lady owned from new and has been well loved and looked after. I have contacted the previous owner as the service book pack was missing when we obtained the car. Unfortunately a garage appears to have misplaced it and it cannot be found! We have sourced a car handbook but cannot replace the service record. The previous owner put me in touch with her local garage and they have kindly supplied a good amount of history but not all of it. Mileage is guaranteed and this is backed up with a DVLA MOT history. Everything works as it should. Electric Windows, Remote central locking. Pioneer Stereo Engine and gears all spot on and in fact has had a recent clutch fitted which we have the invoice for. The current MOT expires towards end of July 2016 but we will be very happy to put a new one on the car for a new owner. We have replaced the front discs and pads as they were low and the vacuum pipes for the 4X4 system have been replaced as they were showing signs of corrosion. One front caliper has also been changed during our safety check. For age and miles it is a lovely car and well worth inspection and test drive. Minor negative is some cracking on the vinyl drivers seat base side where it flexes. Can be seen in picture. Fabric is not torn. Open to inspection and test drive. Bring your own mechanic and feel free to have as long a test drive as you need. You will not be disappointed. Any questions please get in touch. Call 07747771549 077477715...
