Care Home for the elderly close to Eastbourne town centre requires an experienced care home manager. Must have NVQ 5 and have had experience of managing care homes in the past. You will be expected to liaise with professionals and be able to consistently keep the beds occupied. Knowledge of Care Planning and assessments is essential as well as invoicing and keeping all relevant paperwork up to date. We expect the manager to lead from the front so this would involve, at times, working alongside staff on the floor to observe, assist and.
