This genuine very low mileage car has had only one previous owner, and comes with a full main dealer service history. This vehicle is in absolutely mint almost new condition. You really would be hard pushed to find a better example. This top of the range Corsa is fitted with a 1.4i engine, which returns plenty of power whilst still being economical to run. When this car is driven in hilly towns, or with greater load weights, it performs better than the lower specification 1.2 and 1.0 models, whilst maintaining similar fuel economy.
