Free Skype consultation contact me on Skype: anto75uk or on BitWine, tell me about your issues, physical, emotional, spiritual, what you would like to heal and transform and change and discover how I can help you! Bodytalk sessions can also be done at a distance, with the same effectiveness. How and why does a Distance Session work? Read all about it here One session can sometimes solve one of your problems, but more often than not either we have more than one complaint, or a few sessions may be needed to take care of a chronic or stubborn problem. That is not healing, that is unacceptable and unethical practice! Usually 3 to 5 sessions are all it takes to solve your main complaints Additional sessions can be done as a form of preventative healthcare or to address minor issues that come up in day to day life For first-time clients I offer this Introductory Offer: 3 sessions for 127 euros instead of 180 euros In-person and Distance Sessions can usually cost up to 100 euros per sessions, I offer this discount so that many more people can afford to receive the benefits of BodyTalk If you would like to book BodyTalk Sessions or a Reading please email me at [click to contact](mailto:clicktocontact), call me on Skype: anto75uk or leave a message or call me through Bitwine at this address: <http://health.bitwine.com/users/38760>
