This is not a typo, this Seat Ibiza really does say 91.1 MPG on a run! Truly staggering MPG return! I am not sure if Seat have something against the fuel companies or not but you really won't be seeing much of the pumps in this little Ibiza! If you're like the rest of us and hate having to pay the burden that is Road tax to have the endless catalogue of potholes repaired, then guess what you won't have to anymore! Yes indeed, it is free to tax and will return an astounding 80.7 MPG on average which with a 45 litre tank amounts to just under 800 miles each time you fill up! Here we are offering you a car with the same engine as the known and loved Volkswagen Polo, but without the price premium you would pay for that 'VW' badge on the grille, so if you're looking for something that will start on the button morning after morning and cost very little to nothing in running costs then feel free to throw our number into your phone, give us a call and pop down, because this really will be first come first serve on this stunning car! Finance is available subject to status, Please call for a no obligation quote. Remember acar2go Aston Clinton where you Pay Less & Get More!
