It literally does sound too good to be true, but it's not... What a fantastic specification, alongside incredibly economic figures all round, with tax for the year costing just £20 and the Extra Urban fuel consumption of 80.7 MPG. This Golf has been very well looked after too with a comprehensive Full Service History with the first few years with VW and a Fresh Service undertaken her at acar2go! how's that for peace of mind? The 1.6 Diesel is an excellent compromise between power and economy, with the Turbo allowing for that extra power whenever you might need it and the lower engine size allowing for those pleasantly cheap running costs! The Golf has always been an easy seller for us, and never fails to make our job incredibly easy as there's not much you can slate about them. Remember acar2go Aston Clinton where you Pay Less and Get More.
