The Sinnis Harrier is powered by an air cooled 125cc four-stroke engine and is finished in gloss white. Twin shock suspension and high-spec air cooled engine ensure a great performance and super handling at all times. Automatic V-belt transmission means that you have no gears to worry about. Stylish LCD running lights gives you that ultra-modern feel, and there's practicality too with a lockable under seat compartment. This is a brand new full specification machine but is available at an unbelievable price. The Harrier is a stylish "learner legal" scooter with race track looks. This quality machine combines the excellent fuel economy and reliability we all demand, whilst the stylish appearance, power and comfortable riding position is sure to convert many individuals on to two.
